Firework (Katy Perry)

Do you ever feel like a plastic bag drifting through the wind

Wanting to start again

Feel so paper thin

Like a house of cards

One blow from caving in

Already buried deep

Six feet under stream but no-one seems to hear a thing

Do you know that there's still a chance for you

Cause there's spark in you

You just gotta ignite the light and light it shine

Just own the night like the fourth of July
